

MUZZLES IN PENNSYLVANIA.

James Benn, Editor of Philadelphia North American, Attacks Late Senator Quay.

ALSO GOVERNOR PENNSYLVANIA.

"If the Quays of Pennsylvania Want Unmuzzled Biographies, Let Them Leave Records Free from Stain."

Guthrie, Okla., June 8.—The action of James Benn, the editor of the Philadelphia North American, in injecting state politics into an address before the National Editorial association here today, has caused a fight in the Pennsylvania delegation, which may be carried before the association tomorrow.

The subject of Mr. Benn's address was "Muzzles in Pennsylvania," and his attack was directed against the late senator Matthew S. Quay and his biographer, Gov. Pennypacker. His action took Quay's friends in the convention completely by surprise.

Mr. Benn, in his address, reviewed the organization of the Quay machine and the events leading up to the passage of the Pennsylvania law.

Mr. Benn, in his address, reviewed the organization of the Quay machine and the events leading up to the passage of the Pennsylvania law.

Weakness and the establishment of the delicate womanly organs in sound health, the way is opened for the joy of motherhood.

"Favorite Prescription" is a specific for the chronic ailments peculiar to women. It cures them perfectly and permanently.

No other medicine can do for women so much as "Favorite Prescription." Do not therefore let any other medicine be palmed off on you as "just as good."

"Favorite Prescription" contains no alcohol, opium, cocaine or other narcotic. It is a pure vegetable medicine.

"I can truly say your medicine is a friend of mine," writes Mrs. Arthur Pratt, of Amherst, Ontario, Canada. "I am mother of four children and suffered greatly at times of birth of first three. When three months along with the last one I began to think of trying some medicine to ease those terrible pains, and asked my doctor whether there was anything he could give me to lessen labor pains. He said there was nothing that could help me, but I would have to bear it."

Dr. Pierce's Favorite Prescription. I started to take it at fourth month. It was very weak, had heart trouble and would faint away two or three times a day. Our doctor could not help me and life was a drag. I would often say, oh, if I could only die in one of those spells, but I felt better every day. Got along well as the time of delivery. I had heard of painless childbirth, and I thought it must be good medicine that would help those pains, but I know now for myself, and can tell it plain enough. Your Favorite Prescription is the best medicine as we mothers know. I advise every sick woman to try it. It is a true friend of mine and is a strong healthy tonic."

assured the sultan of the sincerity of King Edward and of the friendly government in the desire for the welfare of Morocco and their "earnest wishes for the maintenance of the power and authority of the sultan."

The latter reciprocated the wishes for a continuance of the traditional friendship between the two countries. Throughout the interview the sultan was impassive, almost indifferent. The political situation remains befogged and will not be cleared up until Mr. Lowell has a private audience with the sultan. It is reported that private offers have been made to the sultan of a loan of \$25,000,000 and it is alleged that the offer is supported by American capitalists, but a suitable guarantee remains the difficulty, since the customs are pledged to France for the next 15 years.

EIGHT-HOUR LAW APPLIES TO ISTHMUS OF PANAMA

Washington, June 8.—The opinion of Atty.-Gen. Moody regarding the application of the eight-hour law on the Isthmus of Panama was made public today. He holds that the act of Aug. 1, 1892, which limits and restricts to eight hours the daily services of laborers and mechanics employed by the government of the United States or by any contractor or sub-contractor upon the public works of the United States, applies to the employment of laborers and mechanics in the construction of the Panama canal.

The act, however, the attorney-general holds, does not apply to the office force of the isthmian canal commission stationed on the Isthmus of Panama, or to any of the employees of the government who are not within the ordinary meaning of the words "laborers and mechanics." Also that the scope of the act is not limited to the territorial jurisdiction of Congress.

In answer to the request of the secretary of war for an opinion on the additional question of whether the provisions of the act mentioned apply to the hours of labor of "mechanics and laborers" employed in the construction, maintenance and operation of the Panama canal, the attorney-general holds, the attorney-general decides in the negative.

As to whether the eight-hour law applies to that class of employees whose services are necessary before and after the regular hours at work, such as engineers who must get up steam in the morning before the regular hours begin, and clean the machinery after the day's work is done, the attorney-general says:

"It is believed that, giving to the words the meaning which is ordinarily accepted for them, and having a mind that the act should not be extended beyond its plain terms, the commission will have no difficulty in determining in each case, as it arises, whether the employee is a laborer or mechanic, or whether his duties are such as to warrant some other designation of his employment."

Students Capture a Circus. Chicago, June 8.—Under the stimulus of a purple costume worn by a woman handball player and assuming it worn in honor of the university colors, more than 150 northwestern students last night took possession of a circus in Evanston. After stopping the performance and giving a show of their own, the collegians fought with the tent men and were dispersed by the police. Several persons were injured but no arrests were made.

Kaiser's Cousin Dead. Berlin, June 8.—Prince Leopold von Hohenzollern, a cousin of Emperor William, who came to Berlin to attend the wedding of Crown Prince Frederick William and Duchess Cecilia, died suddenly tonight of apoplexy, aged 70 years.

The prince will be remembered in history as the candidate of the Spanish cortes for the throne of Spain, and as having been unwittingly the cause of the Franco-Prussian war. He lived at Sigmaringen in the original principality of Hohenzollern. He was married to the Infanta Antonia of Portugal.

Emperor William called at the house of hereditary Prince William, where Prince Leopold died, and expressed his condolences.

Japan Orders 900 Box Cars. Philadelphia, June 8.—The Japanese government has placed with a Pittsburgh car building company an order for 900 boxcars for early delivery. This is supplemental to the order for 1,500 box cars and gondolas placed a few days ago with several Pennsylvania car building companies.

Nat'l Electric Light Ass'n. Denver, Colo., June 8.—The twenty-fourth annual convention of the National Electric Light Association today elected the following officers:

President, William H. Blood, Jr., Seattle; first vice president, Arthur V. Williams, New York; second vice president, E. Dudley Farrand, Newark, N. J.; secretary and treasurer, W. L. Eglin, Philadelphia. Executive committee to serve three years: C. E. Edgar, Boston; John Martin, San Francisco; Frank W. Frueauff, Denver.

The delegates varied their work by holding a discussion of the different methods of advertising the electric light business. A number of ways were suggested, but all agreed that newspaper advertising was the most beneficial. A number of papers on technical matters pertaining to electricity were read.

Illinois Bank Dynamited. Park, Ill., June 8.—The Edgar County National bank was wrecked by dynamite early today. The charge also demolished a jewelry store and a shoe store adjoining. The vault was wrecked, but the cellar safe in which were the bank funds was overturned, but is still intact.

Paupers Go on Strike. New York, June 9.—Considerable merriment has been caused by a strike of paupers in a county almshouse just outside Jersey City. The men detailed to act as bakers organized and elected a walking delegate who notified the county board in charge of the institution that his fellows would not accept the almshouse dough until their names were put on the payroll with the attendants and other employees.

The delegate explained to the commissioners that the bakers were entitled to pay, because, unlike many other paupers they do not desert the institution during the summer months to recuperate at the seashore, and in the mountains, but remain at their duties in the bakery and work faithfully for the county. The committee rejected the demands and informed the strikers that they would be put to work in the stone quarries if they do not return to work in the bakery.

Eight-Hour Conference. Chicago, June 9.—The eight-hour conference of the International Typographical union in the Central district, which includes Michigan, Wisconsin, Ohio, Indiana, Illinois, Iowa, Nebraska and Missouri, opened here today. Where the book and job shops have been working a nine-hour day the union asks an eight-hour day.

Chillian Cabinet Resigns. New York, June 9.—The Chillian cabinet has resigned according to a Herald dispatch from Valparaiso. The cause is said to have been some trifling incident the nature of which is not stated.

HAVING A GREAT TIME.

High School Cadets Enjoying Them selves Thoroughly at Lagoona.

The High School cadets are having great times at their Lagoona encampment, where Captain Webb of the battery and commandant of cadets is putting the boys through their military P's and Q's in great shape. The boys were put through a forced march yesterday up Farmington canyon. They went into camp for dinner at the foot of the canyon and were put through skirmish and infantry attack drills on the way back to Lagoona. The boys waded right through one stream, thought it was up to their waists, and never said "Boo." They had another taste of water on the return to camp, as a neighboring farmer had been so prodigal of his irrigation supply that he had flooded the entire camp, and the cadets were forced to transfer all their tents and belongings to another location.

Brigadier General Park and brigade staff will visit the cadets today, for inspection, and the boys will entertain their visitors to the best of their ability. There are, of course, quite a number of stories floating around about the cadets shooting several grizzly bears up the canyon, kissing all the pretty girls in Farmington, and devouring all the custard pies in town.

Acute Rheumatism. Deep tearing or wrenching pains, occasioned by getting wet through, worse when at rest or on first waking the limbs and in cold or damp weather, is cured quickly by Ballard's Snow Liniment. Oscar Olson, Gibson City, Illinois, writes Feb. 18, 1902: "A year ago I was troubled with a pain in my back. It soon got so bad I could not bend over. One bottle of Ballard's Snow Liniment cured me." 25c. \$1.00. Sold by Z. C. M. I. Drug Dept.

Women's rights—some of them—may be matters of discussion and dispute; but no one would deny woman's right—her duty—to be as beautiful as she may.

Beautiful outlines—beautiful features—are always admirable; but they are no more to be wished for than the beauty of clear complexions, bright eyes and rosy cheeks.

For the first you must look to Nature; for the latter you must trust in Beecham's Pills. They cause the perfect digestion which means pure blood and vigorous nerves—true signs of health.

Whatever may be your face and figure, the beauty of health—the greatest of charms—should be yours. Beecham's Pills induce that perfect health which quickly shows in face and feeling.

Nowoman can escape certain ailments and weaknesses of her sex, but these should not be accompanied by distress or followed by other diseases and serious complications.

Taken at the proper time, Beecham's Pills will help mightily. They so purify the blood and strengthen the nervous system that health replaces suffering and danger. Full directions around every box.

Read special instructions to women wrapped around each box.

SOLD EVERYWHERE IN BOXES, 10c. AND 25c.

Most of women's ills—men's too, for that matter—have their origin in constipation, with its accompanying disturbance of digestion and hindrance of action of the whole system.

Six million boxes of Beecham's Pills are sold annually. Why? Because Beecham's Pills have proved effective in curing constipation and other ailments to which we are subject. A trial is convincing.

Read special instructions to women wrapped around each box.

SOLD EVERYWHERE IN BOXES, 10c. AND 25c.

When the Kidneys fail to perform their functions properly by not straining out the poisonous waste matter from the blood as it passes through them, the poisons are carried by the circulation to every part of the body, deranging the different organs. This causes heart trouble, stomach trouble, sluggish liver and a host of other ills, all due to deranged Kidneys.

FOLEY'S KIDNEY CURE corrects irregularities and cures Kidney and Bladder diseases in every form, tones up the whole system, and the diseases that have resulted from disordered Kidneys disappear, because the cause has been removed. Commence taking FOLEY'S KIDNEY CURE at the first sign of danger. Do not risk having Bright's Disease or Diabetes.

Two Sizes, 50 Cents and \$1.00. SOLD AND RECOMMENDED BY F. J. HILL DRUG CO.

Mr. Robert G. Burke, Kinross, Saratoga Co., N. Y., writes: "I am glad to have an opportunity of telling what magnificent results I have had from using FOLEY'S KIDNEY CURE after having tried other advertised medicines and several physicians. Before I began I had to get up from 12 to 20 times each night to relieve my bladder. I was all bloated up with dropsy and my eyesight was so impaired that I could scarcely see one of my family across the room. In fact, I was so badly used up that I had given up hope of living when I was cured by a friend to try FOLEY'S KIDNEY CURE. One recent bottle worked wonders, and before I had taken the third bottle the dropsy had gone, as well as all other symptoms of kidney trouble. My friends were surprised that I was cured, as they thought I was going to die. Every few days some one comes from miles away to learn the name of the wonderful medicine that cured me of Bright's Disease, and not one that has tried it has failed to be benefited."

Mr. Robert G. Burke, Kinross, Saratoga Co., N. Y., writes
